fun! but i know that isn't for every reader this book? is the start of a new series and i think marks a slight departure from an huang's signature formula. and i ain't mad at it. this book follows dante and vivian who enter into a fake engagement due to ~circumstances i won't reveal here lest i risk spoiling the book~not altogether different than Twisted Lies in terms of plot. but the execution here is the difference, the relationship between vivian and dante is much more subtle than any of this author's previous couples. I think maybe because vivian is 28 rather than a fresh college grad?

but there isn't any bumbling awkwardness on the part of the heroine or OTT cheesy confessions too early on from the hero. instead you have a relationship that unfolds a little more

but there isn't any bumbling awkwardness on the part of the heroine or OTT cheesy confessions too early on from the hero. instead you have a relationship that unfolds a little more delicately.but fear not twisted series fans. there are enough intriguing plot moments and scorching hot sex scenes to keep your interest.

the only thing that kept this book from being a 5 star read for me was the conflict. you know early on what it will be, but i was still holding out hope we'd go in a different direction. i'm not a huge fan of deceit/lies of omission in a romantic relationship. but the grovel at the end almost makes up for it.overall, excited to see where this series goes. and really intrigued to see who our next couple will be!thanks to Valentine PR for the ARC2022 contemporary-romanceNovember 25, 2023—— 3½ stars. "You can't see the stars in New York. So I brought the stars to you" Ok, if you follow my last reviews, you saw now I like to add a song as a mood for the book, but for this one it was so difficult!! So I made a tiny tiny tinypysy playlist. (I know Anna Huang made one herself but I usually don't vibe with them, in this case I included two of her songs into my little playlist)Mood playlist:- Empire estate of mind by Jay-Z-Heaven by Julia Michaels- Dusk Till Down by Zayn ft. Sia- Guys my age by Hey Violet- Teeth by 5 Seconds of SummerSigh, takes out her glasses, puts them down, ok! Welcome to this weird and chaotic review!! Since I have no idea what we thoughts are expected by their American the found a formula that it is reconstituted. my thoughts are exactly Imao. At first I was going to give the book 2\*, since it bored me at several points and because I think Ana Huang has found a formula that is successful and sells books and she is sticking to it.

If someone had told me that I was reading the fifth book in the twisted series, I would believe it 100%. There is nothing new despite being a new series, I understand that she uses characters from previous series to attract the readers, but with at least notable differences from the previous series lol.

I understand that, since Dante and Vivian are the main characters, it was difficult to separate it from the Twisted saga, but wow, at least a little bit of novelty since the Kings of Sin series is going to have 7!!!!!! Books!!!.About the plot:We follow the story of Dante Russo, CEO (like most of Ana Huang's men) and Vivian Lau, event planner of a prestigious company and daughter of Francis Lau. Our story begins when it is announced to Vivian that she is going to have to marry Dante Russo for business reasons (not gonna lie i love a Good arranged marriage). What Vivian does not know is that Dante is being blackmailed by her father, and that is why he has agreed to marry her. While Vivian tries to fulfill her duty, Dante tries to find a way to break the agreement without being harmed. About writing and pace: Like all of Ana Huang's books, they are very simple and quick to read, but I do have to admit that for such a short book, it seemed a little long, and the truth is that I couldn't explain why, maybe just I wasn't in the mood. About the characters: - Dante Russo: OK. I must admit, he is my favorite of all the guys I have read written by Ana Huang, but, once again, it is not new, once again, the remains in the same formula of a possessive, authoritarian man, with money and physically perfect. The only real novelty was him being Italian which added a lot of spice to it!. That was kind of hot!! His evolution during the book is as expected: I don't want anything with anyone, I'm grumpy, I'm a man, I'm horny, No one touches what's mine, I fuck up, suddenly realize I have the iq of a brick and that I loved the girl all along. Clap clap!!!"You are fucking perfect the way you are Vivian. If your parents can't see that, then it's their loss""Se sapessi il potere che hai su di me""Give me time, mia cara. That's all I need besides you." - Vivian Lau: I actually liked Vivian!! I really liked her evolution as a character, although she was a strong and determined woman, not afraid to put Dante in his place from the beginning, her fear of not meeting her parents' expectations and of disappointing or disobeying them made her very inhibited. I'm not going to say much about that topic since it would be a spoiler, but I will just say that its evolution was very good."Most engagement rings were a symbol of love and commitment. Mine was the equivalent of a signature on a merger contract""I'm not a toy, Dante. "You don't get to toss me aside and pick me back only when someone else wants me." SLAY. - Isabella, Kai and Sloane: They were cool I guess?? I definitely want to read their future dynamics and Sloane future partner? - Luca: Got on my nerves until chapter 36. Goodnight.Now I'm going to dedicate a small paragraph to smut, so if you don't feel comfortable with this, feel free to skip it:I can't with Ana Huang's smut, it's super unrealistic, don't get me wrong, I don't mind the dirty sex, but she only writes that kind of smut and im like... eye roll. The man always has a broomstick size dick, of course also a sex god, how I can I forget, and the woman is always asking for it or desperate for it. Like the scene where Dante fingers her on the library was so uncalled for Imao, he just literally touches her and Vivian is instantly wet for him like... what kind of sprinkle do these girls have. ANYWAYS, sorry for the explicit rant but im like, a little bit tired. The third act conflict, this will contain spoilers so feel free to also skip it:I have to say that for the first time, the breakup was not ridiculous, since it is understandable that Vivian was angry and did not want to know anything about Dante and I also liked the reconciliation, it was not rushed and made more sense. I really liked being able to see the twicted lies scene from Vivian and Dante's noint of views and I have to admit that Dante Bussos and his planned dates conquered. first time, the breakup was not ridiculous, since it is understandable that Vivian was angry and did not want to know anything about Dante and I also liked the reconciliation, it was not rushed and made more sense. I really liked being able to see the twisted lies scenes from Vivian and Dante's point of view and I have to admit that Dante Russo and his planned dates conquered me. Obviously I will continue reading Ana Huang because even though her books don't seem like the best things in the world to me, they are addictive lol. Some moments I enjoyed: "—Separate rooms until marriage. "I didn't realize you were such a traditionalist" "—I didn't realize you were so eager to share a bed with me""Dante held me. "All I knew was, the icy aftermath of the robbery, his voice and embrace were the only things keeping me warm."" —My kiss. "One kiss for each of my injuries" "—Better?" "—Much""—You take the most ordinary or unexpected things and make them extraordinary. "You see the silver lining in every situation and the good in everyone, even if they don't deserve it. "Vivian once told me about a Chinese proverb that said an invisible thread connected those destined to meet, regardless of time, place or circumstance. I felt the phantom tug of that thread now (...). "Apart from me I would always find my way to her"oot 9: let's meet Dante and see if I hate him as much as I hate Alex @April 6, 2023 have no recollection of ever reading this book, just waiting for miss and to give us kai's book @October 28, 2022April 28, 20233.5 [] me going back to rate this lower is such a mood. don't mind me. FIRST OF ALL..... the limo scene? sos. driver roll up the partition plsssss. okay. vivian was everything, she radiated queen energy & i was absolutely here for it. dante was hot, don't get me wrong, but he was very borned CANNOT WAIT FOR KING OF PRIDE THO! September 14, 2023/IVI IN A STATE OF SHOCK!!!! Joved this one so much!You know what's everything, she radiated quen energy & i was absolutely here for it. dante was hot, don't get me wrong, but he was very boring so vivian took the cake for me. she was the whole reason i finished this book, other than that, i was very bored. CANNOT WAIT FOR KING OF PRIDE THO! September 14, 2023!'M IN A STATE OF SHOCK!!!! loved this one so much!You know what's even better than liking a book, liking a book you thought you were going to despise. Nothing beats that feeling I'm sorry. Let me preface this by saying, in no way am I a hater of Ana Huang and her writing. I simply tried reading her Twisted Series and hated the first book. Ugh, it was such a disappointed (and I expected to lovelove it). Sounds a bit like a me problem. Let's stop rambling and talk about KING OF WRATH. Since y'all know what this is about (probably better than me), I won't summarize the plot.OVERALL THOUGHTS This book had was strong from page 1, chapter 1. I feel like Ana improved in her storytelling skills A LOT and that's something we always love to see. My main problem with Twisted Love was the amount of PURE CRINGE I felt while reading it. I expected to cringe reading this as well, but boy was I wrong (I did like two times, but c'mon, it's romance, that's practically an imperative). Chapters were dual POV, nothing new, BUT, we had those chapters with both Vivian and Dante and those were so great. Their length was just perfect, and I read the totality od this book while taking study breaks. Just amazing! I would still consider this a lighthearted read, but, we also dealt with some pretty important topics. These millionaire romance books don't often include "new wealth". Yes, admit it to yourself, all your fav millionaire men come from generations of wealth. It was amazing how we got to experience this big change in a character's societal status through Vivian. I also like the dynamic between our main characters, they shared so many cute moments which I enjoyed way more than the banter and smut. Them bonding over breakfast and weird snacks

characters were all great !!! (esp Kai ohhh lord that mannnnn). It's pretty visible how Ana Huang introduced us to a whole bunch of potential leads of future books (this will be a 7 book series if I'm well informed). Also, I'm under the impression that this series is set in the same world as the Twisted series, since some characters made an appearance and some locations were mentioned. I feel like I would really enjoy that if I finished the Twisted Series (maybe someday who knows), SO TWISTED FANS WILL LOVE THIS. VIVIAN I love this woman so much. She's a woman of class and behavior! She deals with problems in her life with so much class, I envy her manners. At the same time, she's this badass strong independent woman, sometimes impulsive and headstrong in her ideas. BUT ALSO, she's not afraid to show EMOTION (both love and disapproval).

The way she stood up to people who tried to put her down, APPLAUSE! I also lovelove the way her physical appearance was described in her but esp Dante's chapters. Such a good protagonist, will she be a fav from this series?? (can I calm down)DANTE He is the reason I gave this book 4 and not five stars. Yeah, gotta admit, I'm not Dante's biggest fan. I don't often fall for men in books that easily (is this a me problem again lol), I don't normally like the big possessive jealous ((alpha)) man. He was that type (in his core, not that much). Yes, he gave me the ick a few times. BUT, I love him with Vivian so much. I love how he gave up on his headstrong and impulsive characteristics for her. You could really see him learn to love her STEP BY STEP. CHEF'S KISSSPICE is something I'm not the biggest fan of when it comes to Ana Huang. She writes cute moments much better in my opinion, BUT in this one, those scenes were much much better than in Twisted Love (I keep comparing those SORRY). The limo scene had me on my knees, if you're thinking about reading this, read it for that scene plsplsYeah, that's it. I can't wait to read about Isabella and Kai (I KNOW THEY'RE GONNA DELIVER,,,, c' specific type of book.

specific type of book.

It's always the same story but in different fonts, guy claims 'not to like' the girl, then some time passes and as it does the man becomes even more obsessed with them, lines such as: 'don't touch her, your mine, I would kill for you' excetera excetera make an entrance and it makes the girlies go crazy. And I'm not gonna lie, I am one of those girlies. Although Ana's writing may be the same, I still love all the love interests. I don't know if there is just something about a rich powerful man who would bow at your knees if you said so. I love when men know their place. Dante Russo would literally kill for Vivian, in fact he nearly did.

He was obsessed with everything about here and I was here for it. And their little weird snacks that they shared was so cute, as he opened up to Vivian and showed who he really was underneath that business persona. And underneath that was someone who cared and did sentimental shit for Vivian. Love how the standard is on the ground. I love a gentleman on the streets but a devil in the sheets and that's what we damn wanted and we damn got it all right. Because those smut scenes and those 'good girls' had me weak at the knees. But the fighting had me tired, like sure it is an arranged marriage but I hated when he shut her out and didn't know any emotions.

That's such a turn off for me. Overall, this book was okay, it wasn't a masterpiece by any standards but it was enjoyable. You would like it if you liked: TWISTED LIESTWISTED

The first 10% were fun and then everything moved so fast making it unrealistic, boring and weird and then it became interesting again for me when it hit like 75% (not me enjoying the story when they are about to break apart )Let me just get straight to the point No hate to anyone. If you did like this book that's totally fine, everyone's taste is different ② you don't need to agree with me→ The book moves wayyyyy too fast- he was already tracing her lips and shit after they just met 1 chapter ago and during the third meeting my boy had his hand around her throat talking about "do you understand" or sum shit. Dante, we are only 15% in the story, chapter 6, SLOW DOWN Plus, you don't even know the women so why randomly put his hand on her thigh somewhere in the beginning like pls don't @@@ if you do that again, I will pull a Christian move on you-but no seriously. I don't like it when characters just randomly touch the main character like that. I had the same issue with twisted lies when Christian just randomly gave Stella a 3 second kiss and put his hand on her thigh- consent should always be a thing and it can be given in multiple ways. Don't just randomly have your characters touch each other like that. Where in the world is the progress and consent? It's all just unrealistic — It moved soooon fast ONCE AGAIN like he was literally \*\*\*\*\* her 33% in TT WAS SO AWKWARD. Their relationship had not progressed at all what, again, made it unrealistic and awkward and then they just continued with their life— Apparently Dante is a very secret guy who keeps his shit to himself and doesn't smile and stuff and yet he was telling Vivian half his life story before we even hit the 40% mark okay Dante "bad boy I don't talk about my problems" — It. In Moved, Too, Fast. That was the whole problem of this story; if it didn't move so fast I would maybe have enjoyed it — The second to last smut scene (or last idi) was.... just awkward. disappoint ments kindle-reads October 19, 2022LOVED IT!! This is probably my new favorite Ana Huang book. King of Wrath is hot and fantastic and I could notte stop reading it. It's got an arranged engagement/marriage!!! AND it's such a good enemies to lovers romance too. Dante and Vivian hate each other (which you might've gotten from Twisted Lies), but they've been forced into an engagement neither of them wants. He's being blackmailed by her father and she's agreed out of duty to her parents. She moves into his house for the engagement, they have to pretend to be lovey-dovey to the public, and SPARKS FLY. During this year-long engagement, Dante works (with Christian) to do everything he can to get rid of the blackmail and destroy Vivian's

all the while slowly, reluctantly falling for his fiancée. The romance was so much fun to read - the way these two opened up to each other, connected over their pasts, helped each other with the little things, and FINALLY fell into bed together was well-written and perfectly paced. There's also two of my favorite things here: a jealous, possessive hero, and GROVELING! A beautiful combination, if I do say so myself. The groveling wasn't quite to the extent of Twisted Love lol but I still loved to see it. If you're a fan of the Twisted series, you won't be disappointed with King

This brand new series is already off to a great start and I can't wait for more!adult arc arranged-marriage-of-convenience September 21, 2023This was a win. This was a fuckin' win! @Dante and Vivian? In LOVE with them.Her friend group? Adorable! Hilarious! I hope they all get their own stories. The men?! Dante, Luca, KAI? A damn treat they were, omg. Christian making an

appearance was also a highlight! This story was a lot more cohesive and tighter than her Twisted series. I enjoyed the balance.

I loved who Vivian was as a person. Someone with fuckin' integrity! Then Dante comes along and submits to that. Well, as close to submission as you can get with someone like him. By the end I was just so proud of her. Their relationship was rocky to say the least. But I enjoyed every second of seeing them both fall into it. It was so good! Can't fault this story at all. I know some reviews have said that they found it bland and boring.

For me, it was exactly what I could've wanted. Safe to say that this is my favourite Ana Huang, author-of-colour characters-of-colour i-fell-in-love October 23, 2022very disappointing and boring i'm afraid, dantevivian gave me absolutely no buzz till the last 20% giving 3 start for christian harper (carried the book fr, should've been in every chapter) and vivian lau (my princess) only.October 26, 2022you know how i said that dantevivian are definitely gonna serve??

i'm crying on the floor right now because they didn'twelcome to the angry rant about a book that was one of my most anticipated reads. i feel so betrayed &first of all, let's talk about Dante i-only-speak-cliched-lines Russo and Vivian i'm-so-boring-that-i'll-make-you-sleep Lau. i just simply don't give a fuck about them because i feel no connection to them whatsoever. did i even read a whole book about them?? i swear dante and francis (vivian's dad) had more chemistry than these two i just completed reading the book and i've already forgotten every detail about them, they were THAT boring i think that the pacing of the book made me lose that connection even more. the timeline was so fucked up that it played a major role in me not feeling anything for dantevivian.

somehow the story was happening over a period of eight months and i still felt as if it was insta love because their journey was portrayed so badlyeverything and i mean EVERYTHING felt like a movie that i've already seen a hundred times before and even in the end, when vivian finds out about that, i had my fingers crossed and i was like we're finally gonna get some excitement now but nope, NOTHING. just- just ugh i'm so frustrated @also is it just me but i wanted more grovelling. where tf was my grovelling??? like i don't care about you dante but you atleast owe me something after wasting so much of my time on youoh and the love confessions???

EWWWW stop. dante's i understand okay? it was super cliche but it wasn't bad but vivian's??? what- what was that??? it was so anticlimatic, i can't deal with this anymorein total, i'm gonna be picking up this book whenever i can't sleep.

picking up this book whenever it can't steep.

who needs sleeping pills, when you can have king of wrath with you??i've been burned but i'm STILL hoping that kai and isabella will redeem this shit and sloane?

i loved her so fucking much, i need her book immediately -- before reading--"it amused me to see him snarl every time I brought up the fiancée he claimed to hate" i repeat- THE. FIANCEE. HE. CLAIMED.

TO. HATE.

already know dantevivian are gonna serve [92-stars-no-from-me billionaires-are-hot hate-u-but-want-u October 21, 2022I'm confused about all the 5 star reviews here lmao is it a requirement by Ana huang to give her books a mandatory 5 star review to be part of the arc team or??? Cuz frankly speaking this book was trash.. worst arrange marriage book I've ever read and was a total snoozefest!!! This author has an obsession and I mean obsession with Danielle lori's male characters cuz honey andromeda? Really? That part was so random.

We had Alex and Rhys from her previous books being a Walmart version of nico russo and then we had Christian Harper being the Walmart version of Christian allister. The setting..The man's a

billionaire a freaking powerful billionaire and has a hard time handling a new money shithead who's blackmailing him?? And girl what??? And in the next scene you see him handling his brother like he's a teenager when in fact he's 30 something. Dante's character was so bland as a billionaire he sure was such a pussyOur female character is not like the other girls.

She hates that she's rich and she hates that she has to be part of rich losers like her husband. She hates rich people but every time she's interacts with Dante it's all about how much money he has lmao...The main problem I have with Ana's writing is that she is a all tell no show author. Another problem I have with her writing the pacing/ flow of her books is just terrible and sometimes feels out of the blue

Another issue I have with her is she tries to do too damn much in her books and a lot of plots I could not give two fucks about. Many of the scenarios in this book seemed forced just to write a

She promised this book to be gossip girl kinda don't be fooled it's nothing like that. This book follows the same premise as her other books. Boy and girl fall in love, they go to some European country together, forced conflicts to add some spice, the girl learns of said conflict, she runs away, boy says I want you, girl says ok. They get married. The end.April 11, 20233.5 starsWas it the most original story with such an original characters, original plot, or even original conflict? No.Did I enjoy it anyway because I'm such a sucker for the trope and I could never get tired of it? Yes.Also, do I see a marriage in crises trope somewhere in this series???? Dominic and Alessandra got my attention with just one scene.

The tension??july 24, 2023 "ff I loved you as much as he claims to love you, nothing would've stopped me from keeping you." oh we love a seven deadly sins inspired series forever and ever.

friends, this just really worked for me.

maybe the best romance i've read all year, this is a story involving a lot of rich people in new york and an arranged marriage, which is a setting and set up i feel like all romance readers have read in bulk at this point, but this really felt different and felt like it was done a lot better. also, this story has a constant theme of jealousy, but the author didn't need a love triangle or miscommunication for this, and that felt so good to read. and the first sex scene in this book? the best i've read in a long, long while. i read it twice it was so good hahaha! but i really am a simple romance girl, and if a guy gave me dumplings from 34 different restaurants, so that i could find a new favorite, that would be it for me. But also, him giving her these star gazing dates? like, dante is just built a little different, i fear.

i ate this romance up with a spoon and i am happily begging for seconds. have any of you tried soy sauce on vanilla ice cream? i am going to - and then i will report back.trigger + content warnings: anxiety, blackmail, panic attacks, not great parents, abandonment, loss of a loved one in the past (grandpa), mention of heart attack in past, blood, assault, armed robbery, unwanted photos being taken without consent, stalking, and talk of trauma. blog | instagram | youtube | kofi | spotify | amazon > Twisted Love \*\*\*adult contemporary read-in-2023 Displaying 1 - 30 of 20,786 reviewsGet help and learn more about the design.
